Subject : Suspension System for Precast Elements

Dear Sir,

We thank you for your efforts in introducing your precast façade suspension to us, in which we had used in our 3 projects namely below:-

1. Burj Dubai Development- The Loft
2. Burj Dubai Development - Plot 85
3. Al Zumurud Tower

Furthermore, we have introduced the same system to be utilized in our new project Viva Bahriya Tower Pearl Qatar in Doha-Qatar.

We are looking forward to our continued and successful business relation with your Company.

Regards,

KHALED HINDI

LETTER OF RECOMMENDATION

Subject: Suspension system for precast concrete elements

Dear Sir,

I, the undersigned, hereby declare that we regularly use the Fixinox suspension system for our architectural concrete panels.

We have recently (2008-2009) used these in the following projects for the Belgian government :

- 1) fire station – Antwerpen, Belgium
- 2) swimming pool – Leuven, Belgium
- 3) social service department – Aalbeke, Belgium
- 4) BVM Lourdes – Waregem, Belgium
- 5) artschool – Antwerpen, Belgium
- 6) hospital Jan Palfijn – Merksem, Belgium

and various (+ 100) other projects

Furthermore, we have introduced the Fixinox suspension system for application in new (running) projects abroad such as :

- 1) apartment building BHK – Kirchberg, Luxemburg
- 2) national health centre lab LNS – Dudelange, Luxemburg

We are very satisfied regarding the quality of the supplied products and intend to continue our cooperation with Fixinox for future projects.

Best regards,

Frank Roekens*
Managing Director
Shareholder and Member of The Board

* Representative of Bouwgroep2i BVBA

CERTIFICATE

The precast panel anchors manufactured by FIXINOX are certified by the CSTC since 2004.

FIXINOX has been established in 1995 as a Belgium company. It's now quoted on the NYSE Marché Libre of Bruxelles.

On FIXINOX request, please find information upon the CSTC.

CSTC website is www.cstc.be. CSTC stands for The BBRI (The Belgian Building Research Institute) is a private research institute founded in 1960 under impulse of the National Federation of Belgian Building Contractors in application of the so-called "De Grootte" decree-law of 1947. Specifically, this decree-law named after the former Minister of Economic Affairs aimed at promoting applied research in industry order to improve its competitiveness. In application of this law the statutory contributing members of BBRI are the more than 65 000 Belgian construction companies (general contractors, carpenters, glaziers, plumbers, roofers, floorers, plasterers, painters, etc..) most of which are SMEs.

CSTC is the Belgium member of the EDTA which is European Community Union for certification body (one only per EC countries).
